Volunteering in Ba Vi

OVERVIEW:

I'm a final-year student at FPT Polytechnic College, majoring in website design. I have experience in PHP, MySQL, MVC.... I completed several projects such as Tasty and Post jobs. I'm looking for an internship opportunity to further develop my PHP skills and learn in a professional environment.

CAREER GOALS:

Short-term: Get an internship, learn and acquire new skills to apply and develop yourself.

Long-term: With my efforts and constant learning, I will try to complete the assigned work well and get an important position in the company.

PROJECTS:

Post jobs: 17/01/2023 - 12/02/2023

Project Description: A simple website to post contracts or job listings.
Technologies: MVC PHP, HTML & CSS, Javascript, Boostrap

Github:

https://github.com/huyHoangUran/laravel_shop

Tasty: 17/07/2022 - 25/09/2022

Project Description: Cooking and menu planning website.
Technologies: MVC PHP, HTML & CSS, Javascript, Boostrap.

Github:
